

### **Agricultural Issues Forum**

- Following all district contests, the top two teams need to be submitted to Dennis Ellebracht. Information to be submitted includes chapter, teacher name, teacher email and cell number. Zoom links will be sent to these emails.
- Portfolios will be submitted electronically, prior to the contest on Friday, November 13 through the judgingcard system by 1:00 pm.
- Teams will login to the Zoom 5-10 minutes prior to their scheduled time based on the area rotation. Judges will admit teams when they are ready to judge. Two minutes will be allowed for sound check and judges instructions. Presentations will start immediately following the instructions.
- If contestants are presenting in the same room, in close proximity, no penalties will be assessed for students choosing to wear personal protective equipment (i.e. face masks, face shield, gloves, etc.). **While PPEs are recommended, the decision will be made on a school by school basis and in conjunction with that school's administration.**
- All other rules as set forth in the state virtual contest guidelines and LDE guide will be enforced.
