

STATE Wildlife Committee Report, Arlington – July 26, 2017

Ducks Unlimited and Capital Farm Credit were both given seats on the steering committee.

Capital Farm Credit sponsored some items at 2017 state contest and Ducks Unlimited wants to partner with committee to help with their mission of educating youth about conservation. Discussions were also had about DU possibly sponsoring a state high point scholarship.

The generic bylaws we started with many years ago were amended to reflect more of what we really do and we approved a form for the state scholarship winner to use in claiming their award.

Area VII and Region II contest is set for April 3 in San Angelo and the state contest will be in Junction on April 24. Ingram will also host a double header on April 23 for state qualifiers. This will be in addition to Don's regular double header earlier in the year.
